

Luxury Charter Yacht

Power Catamaran

LION 464 fly

LION 464 is a magnificent example of **power catamarans**, built in South Africa by the manufacturers of the very successful Leopard Series Sail cats. She is a superb cruiser, featuring three spacious decks with the highest quality hardware and fittings throughout. Modern twin hull design, huge fly-bridge with fully equipped steering station and modern style interior, four comfortable staterooms all with their own head and shower. The salon sofa converts to a comfortable double bed, to accommodate two more guests.

This unique luxury yacht cruises fast while having a great fuel efficiency.

She is offered for private charters in Greece and Turkey and is ideal for those who seek an unforgettable sailing experience without compromises to comfort or performance.

Her highly qualified **crew** of **2** are very friendly and discrete and always ready to satisfy every guest need.

SPECIAL FEATURES:
